The **Improvement team** is working on writing multiple proposals, such as: playing cards, additional benches, more balls as well as giving out female hygiene products. The Bike Rack Proposal has been sent out. Students have requested more vegetarian and vegan options, so a survey about vegan/vegetarian options at the cafeteria has been posted on our Instagram to get more specific suggestions. The art and writing competitions have started, the **Leisure team** is inviting all students to write a short novel with the theme set as “waste”. The art competition gives a chance for passionate students to let their creativity flow out and send in any art they have created. The deadline is the 12th February for both competitions. The prize for all the winners will be 35 euros each, as well, the winners of both the competitions will have the opportunity to proudly display their work on our school’s website.

The **Amnesty team** has sent out proposals for possible upcoming sales. They are making timelines and posters for the Saint Valentines (chocolate hearts) and candle sales, coming up soon.

The **Mini CDE** has had several meetings with the S1 and S2 class representatives. They have ensured that all class representatives have had the chance to voice their opinions and share their thoughts, ultimately verifying that there were no issues with the current rotation system.

An initial CDE website has been created by the **PR-team** and is now getting its final touch-ups. They are moving forward with their project to improve the role of the class representatives. The team has sent out several smaller surveys and polls on our Instagram, as well as promoting ongoing and upcoming events and looking for more means to accredit and expose the competition winners’ work.

The **Grand Debate team** has started its preparations to ensure the event to take place. As of now they are confident the Grand Debate will take place, in a COVID-19 safe environment.

All jumper orders have been received and are being produced. An email will be sent out confirming your order with further information soon. The winners of the jumper giveaway have been picked and have received an email. We would like to thank all who ordered this year’s jumpers and we hope you will enjoy them!

Both Smartphone Policy and Sexual Harassment advisory boards meetings have been held. Ideas have been brainstormed and are being discussed for the next meeting. The Sexual Harassment board are currently working on rewriting the school dress code, as well as planning ahead for future projects.

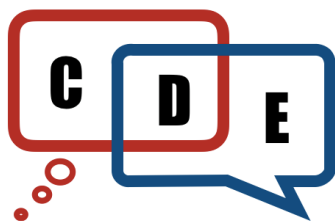

Representatives have attended SAC (School Advisory Council) and CA (Administrative Board) meetings this month. The representatives at the CA meeting brought up the point of well-being and the need for more support in the future. Progress has been made regarding the area between the pre-fabs and the cafeteria. It is currently being used for extra eating space during COVID-19, however, the final use of the space will be a relaxing zone for the students to calm down and feel comfortable. An interior 3D model was created and presented in the SAC meeting.
