

MARCH CDE NEWSLETTER

An official communication debriefing the important events, projects and progress of the CDE for the month of March 2021.

The **PR team** has continued promoting sales and events as well as explored further possibilities for the usage of the big screen outside. They have progressed significantly with the initiative to improve the role of class representatives, and are now working towards implementing these new changes as fast as possible.

The CDE has its very own website now! All new information will be available on our site, as well as contact details, suggestion boxes and polls to vote on. Our goal is also that you will be able to see which teachers are absent and, in the case of them being unavailable, enjoy longer mornings! Of course, you will be able to read all our newsletters there, as well as view older ones. We invite you to visit us at:

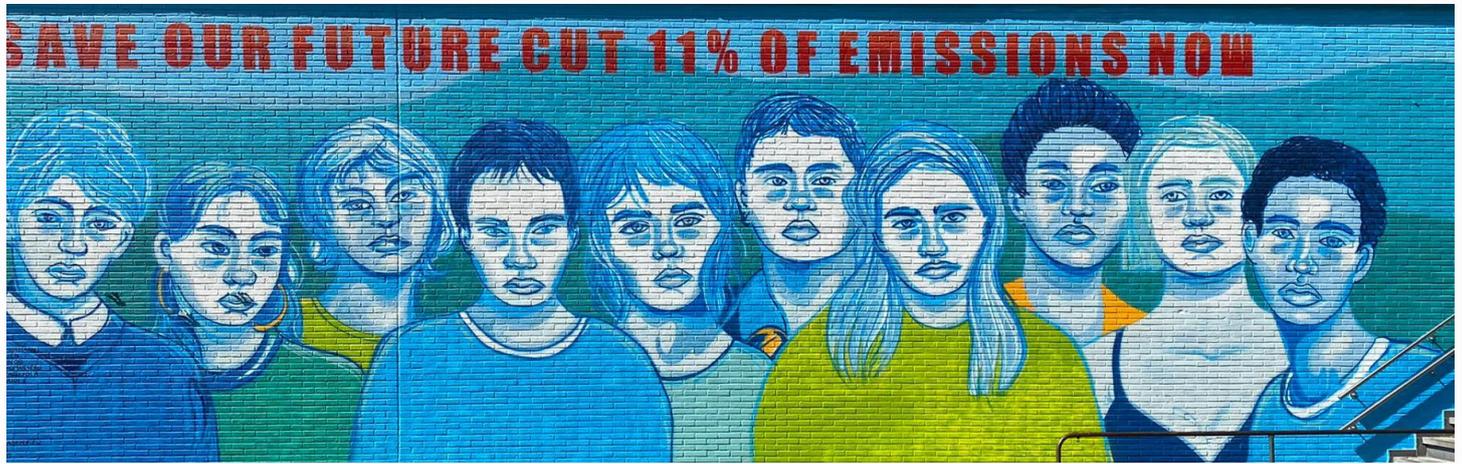

<https://eeb2cde.eu/>

The writing and art competition results have been checked over by the teachers, and the **Leisure team** would like to congratulate the winners: Isabel Fontan Ireland (S5ENA) for her winning short story in the English category, Rebeka Rode (S4FRA) for her winning short story in the French category, Flavio Provenza (S2ITA) for his winning art piece in the S1-S3 category, Sara Cugnini (S5ITA) for her winning art piece in the S4-S7 category! Their work will be published in the April CDE newsletter. Photography and math competitions will be open to students shortly after the holidays, so keep a lookout for them!

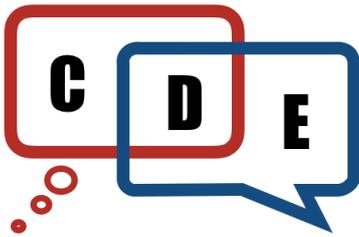

The **Improvement team** has started working on a new project to try to help new students integrate into our school more easily. It may include, for example, introducing a buddy system or giving new students information booklets about our school system (for example b-tests). The team have also bought CDE stickers that they will put on equipment they have bought, such as new playing cards. Lastly, we have gotten approval to add some of your vegetarian/vegan suggestions to the menu in the cafeteria.

March was an important month for the **Grand Debate team**. Unfortunately, discussions within the team and with the school's management resulted in the cancellation of the S3 Grand Debate. Fortunately, training began for the remaining groups over the last month as planned. Dates for the Grand Debates 2020-2021 are due to be communicated very shortly.

The **Mini CDE** has continued their meetings every two weeks. They have been running very smoothly due to the dedication of the class representatives. We thank you for your motivation!

PROJECT "WRITING ON THE WALL"

Your Vision, Our Mission.
Votre Vision, Notre Mission.
Eure Sicht, Unsere Pflicht.

"With the Bac and the exams coming up, it's going to be a hectic month. Even though they are not happening under the most ideal situation we are wishing all students the absolute best of luck!

During these times of stress and of course the pandemic it is important to stay healthy, however just as important is the mental well-being of the students therefor if you are struggling, no matter what year group you can always reach out to us and we will do our best to seek aid in the most helpful way possible.

We wish you all a nice entry into the summer and hope to see you in our upcoming competitions!" Anya Staudenmayer - President

The **Amnesty team** organised an Easter Bunny sale on Friday the 26th of March. As not all of the chocolates were sold, the sale will continue after the holidays. After the Easter holidays the Amnesty team will look into finding new ways to advertise Amnesty International's causes.

The **Jumper team** has completed most of the jumper distribution and will send an email, to everyone who bought jumpers, with information about the final distribution. Thank you everyone who has been waiting for the baby blue jumpers, you will be able to collect them then!

The **sexual harassment board** are getting closer to finishing the updated dress code. They are also organising a sexual harassment workshop for students, called "Bystander intervention", in which they will aim to empower witnesses of problematic situations. It will be held on the 21st of April. The board is gradually trying to apply the "sensoa flag system", a project promoting sexual health, into our school.

The **well-being advisory board** had a meeting with the psychologists, where ideas, such as communication and a possible introductory presentation, were discussed. This would be to ensure that students know more about the role of the psychologists and hopefully feel more comfortable in reaching out to them. Additional information about these ideas and goals can be found both on the EEB2 and CDE websites. If you have any further questions on this subject, do not hesitate to contact us and we will do our best to direct you to who best to get in touch with!

Well-being kits have been placed in every preau, they contain things such as painting kits and stress balls to help you de-stress and to improve the preaus. Please respect these kits, they are here to help you and we want you to enjoy them as long as possible!

The **climate representatives** are working on a climate article about the "Writing on the wall" project and Climate Academy. During the Easter Holiday, they went to school to interview Mr. Matthew Pye and S5 students, that were working on the project. The article will be published soon on the 13 stars newspaper!
